By achieving this goal Ignition Financial Services will have a fundamental impact on the customers it serves, transforming their day to day lives, removing the uncertainty, anxiety and difficulties they live with.

Our TCF policy is structured according to the guidance provided by the Financial Sector Conduct Authority to ensure that we consistently deliver fair outcomes to our customers. We take responsibility for ensuring that all our staff provide great service to customers, based on a culture of openness and transparency.

THE SIX FAIRNESS OUTCOMES:

We will strive to comply with, and contribute to, the TCF fairness outcomes, viewed from the perspective of the customer:

- Outcome 1: Customers are confident that they are dealing with providers where the fair treatment of customers is central to the provider's culture.
- Outcome 2: Products and services marketed and sold in the retail market are designed to meet the needs of identified customer groups and are targeted accordingly.
- Outcome 3: Customers are given clear information and are kept appropriately informed before, during and after the time of contracting.
- Outcome 4: Where customers receive advice, the advice is suitable and takes account of their circumstances.
- Outcome 5: Customers are provided with products that perform as providers have led them to expect, and the associated service is both of an acceptable standard and what they have been led to expect.
- Outcome 6: Customers do not face unreasonable post-sale barriers to change product, switch provider, submit a claim or make a complaint.

ACHIEVING THE OUTCOMES:

We aim to demonstrate through our behaviours and monitoring that we are consistently treating customers fairly throughout all relevant stages of the product life cycle. These may include:

- Product and service design: Our products and services, and the distribution thereof, are designed and developed for certain target markets, based on an understanding of the likely needs and financial capability of each customer group, and taking into account our mass distribution model.

- Promotion and marketing: Our products are marketed to specific target groups, through clear and fair communications that are not misleading and are appropriate to the target group.
- Advice: We do not provide advice to customers, and, through consistent monitoring of sales calls we ensure that our representatives do not do so, as well as ensure that they follow the FAIS and TCF guidelines provided to them.
- Point-of-sale: We provide clear information to enable customers to make informed decisions when transacting with us. We strive to ensure that we fairly disclose all product benefits and risks, financial commitments and limitations that may apply.

We provide customer services to ensure we fairly facilitate post-sale transactions or queries. Complaints and claims handling: Our complaints and claims handling processes are designed to honour the representations and promises that lead to legitimate customer expectations and we strive to ensure that legitimate expectations are not frustrated by unreasonable post-sale barriers.
